

## STATEMENT FROM ATLANTIC - COVID-19

---

*ATLANTIC PLACES THE UTMOST IMPORTANCE ON THE SAFETY AND HEALTH OF OUR CUSTOMERS AND OUR EMPLOYEES.*

We understand that private travel and aviation are both an essential engine of the economy and are vital to supporting the communities we serve, especially during these unprecedented times. Rest assured that we are doing all we can to ensure safe operations.

With the threat of COVID-19, Atlantic has enhanced the disinfectant cleaning of our FBOs with special attention to public areas and employee community areas consistent with the latest guidance from Centers for Disease Control (CDC) on hygiene and cleaning. This includes flight planning rooms, pilot's lounges, conference rooms, employee break rooms, front counters, and passenger lobbies.

We are closely monitoring the situation and complying with all recommendations from the CDC as well as following the guidance of local government and health officials.

As always, Atlantic's commitment to you and your safety is our top priority. We are here to serve you, our communities and whatever the mission requires.
